<b>Math</b>	
<p><b>**Calculators</b> – The Texas Instruments graphing calculators are an integral part of math classes at LHS. Most students will use them daily both in class and during homework assignments. Students in all math classes (except for those taking Integrated Math courses) are strongly encouraged to purchase either a TI-83 Plus or any version of the TI-84 graphing calculator. This one calculator can be used in all math classes and on all standardized tests as well as in some science and business courses. Students taking Integrated Math courses should have a scientific calculator. A limited number of calculators are available on a “sign-out” basis. Any calculator questions can be directed to Mrs. O’Neill at <a href="mailto:oneillp@litchfieldschools.org">oneillp@litchfieldschools.org</a>.</p>
