STUDENT DRIVING/PARKING

Student Use of Motor Vehicles

All requests for student parking privileges must be accompanied by proof of proper licensing and registration. All students who receive approval to park on school property must complete and sign an application that includes regulations for on-campus operation and parking of a motor vehicle.

Students are expected to adhere to courteous and safe driving practices when operating a vehicle on school grounds. Forfeiture of the driving privilege may result for actions such as: driving at an excessive speed on school grounds, reckless or dangerous driving on school grounds and leaving school grounds without permission.
