GOOGLE CS FIRST CODING CLUB

Join friends and certified teachers after-school to learn and develop core computer science concepts using the new SCRATCH 3.0 platform. Choose from the following exciting themes:

**Music and Sound:** Use the computer to play musical notes, create music videos, and build an interactive music display. **Difficulty level:** Beginner, Grade 4

**Fashion and Design:** Build fashion-themed programs like a fashion walk, stylist tool or a pattern maker. **Difficulty level:** Intermediate, Grades 5-7

**Game Design:** Build different types of games, including racing, platform, launching, and more! **Difficulty level:** Advanced, Grades 5-7

**Mondays**
March 25 - May 13
3:30 PM - 5:00 PM
(No class April 15)
Grades 4-7

$125 per student. Snacks provided. Space is limited. Transportation from Litchfield Intermediate School to LCC can be arranged when enrolled.
