Acrylic pour painting is created by mixing a pouring medium with acrylic paints and letting the mixture flow over the canvas. It’s a fun easy way to create one-of-a-kind works of art.
Even if you have never painted before and don’t consider yourself an artist this technique is something anyone can do.

Who knew learning could be so much fun?! Students will experience engineering as they design and build accurate and precise catapults and slingshots. Exploring physics by attempting to send ping pong balls through various targets

Minute to win it where “every second counts.”
Kids will be participating in a relay style games based off the international game show such as cookie face, kix chop stick race, and balance the beans
