Students will use them daily both in class and at home on homework assignments. Students in all math classes are highly encouraged to purchase either a TI-83 Plus or any version of the TI-84 graphing calculator. This one calculator can be used not only in math classes, but on all standardized tests as well as in most science and business courses during the student’s four years at LHS. A LIMITED number of graphing calculators are available for loan to students who either choose not to or are unable to purchase their own and will be provided on a first come, first served basis. Students and parents will be asked to sign a calculator loan agreement and are responsible for damage to or loss of the calculator. Students in this situation should see Mrs. O’Neill upon arriving to school in the fall. Any calculator questions can be directed to Mrs. O’Neill via email at oneillp@litchfieldschools.org.</p>
